TENDER TEXT

40-liters waste bin volume for washstand sub-construction, for used paper towels, in combination with an discharge opening in the front or the cover of the washstand, with hangers at the side to pull out the bin easily, brushed stainless steel handle bar with handle bar, diaphanous front for level control, brushed stainless steel, four-point mounting, for hidden, suspended installation of the washstand back wall

DIMENSIONS

H x W x D (waste bin with hangers)	450 x 284 x 432 mm
H x W x D (waste bin without hangers)	450 x 250 x 350 mm
Weight	6,1 kg

APPLICATION AREAS

Designed for use in public areas that are moderate frequented and at moderate risk of vandalism: food service industry, school, universities, communal buildings, hospitals, medical practices, nursing homes, retail stores, offices, theatres, hotels, wellness areas.

ASSEMBLY INSTRUCTIONS

People are often in a hurry and avoid detours. Mount or place the waste bin below the corresponding paper towel dispenser if possible and in the direct path between basin and exit. We recommend mounting on the wall at least 15 cm above the ground to make it easier to clean the floor.
