### TENDER TEXT

Paper towel dispenser for up to 600 folded paper towels, free fillable with all standard folded paper towels, especially with C- or Z-folding, aluminum housing, for built-in installation e.g. behind a mirror or in a cupboard, aluminum paper removal, with back plane, filling from the top, front panel partially open, therefore not suitable for regular surface-mounting, four-point mounting, for built-in installation

### DIMENSIONS

H x W x D	322 x 276 x 126 mm
Weight	1.15 kg

### APPLICATION AREAS

Universally applicable, even in public, high traffic and vandalism prone areas: airports, stadiums, concert halls, restaurants, schools, universities, clubs, community buildings, hospitals, shops, offices, theaters, cinemas, hotels, wellness, etc.

### MOUNTING TIP

People are often in a hurry and avoid detours. Install the paper towel dispenser above the waste bin and if possible on the direct route between wash basin and exit.

### PAPER TOWELS

You can find matching paper towels with C- or Z-fold in our current catalogue with the currently applicable prices or visit our website [www.air-wolf.de](http://www.air-wolf.de)

### RELATED PRODUCTS

Guiding rail for paper towel dispenser, Art. 37-755

Art. 37-755

The dispenser must remain freely accessible. A guiding rail is also available if the mirror can't be opened.

The paper towel dispenser is hidden behind the mirror. Only the paper is visible for the user.

With the additional guiding rail you can drag down the paper towel dispenser for refilling. Please ensure enough distance to the washbasin.

To ensure a proper exchange of the paper towel dispenser, there should be a minimum distance of 10 mm between mirror and dispenser.
