AIR-WOLF

TENDER TEXT

Hand towel roll dispenser, freely reloadable with center pull paper towels, black coated stainless steel, RAL 9005, refilled by folding down the cover, with tear-off edges, rounded top to prevent objects being put down, with standard lock, four-point mounting, including mounting materials and key, for wall mounting

DIMENSIONS

H x W x D	345 x 265 x 221 mm
Roll height	max. 250 mm
Roll diameter	max. 230 mm
Weight	4.6 kg

AREAS OF APPLICATION

Roll towel dispensers are primarily used in areas where paper needs to be stored hygienically and securely and is mainly used for cleaning: in food processing, in trade, or in tanning salons. Of course, roll towels can also be used for drying hands, but we advise against this due to the comparatively high paper consumption and recommend folded paper towels or warm air hand dryers instead.

MOUNTING TIP

People are often in a hurry and avoid detours. Install the hand towel roll dispenser above the waste bin and if possible on the direct route between wash basin and exit.
