AIR-WOLF

TENDER SPECIFICATION

waste basket with 25 liters volume, steel wire coated white (RAL 9016), for used paper towels, for use with or without waste bag, for surface mounting or floor standing

DIMENSIONS

H x W x D

450 x 300 x 200 mm

Weight

1,3 kg

AREAS OF APPLICATION

Applicable in semi-public areas with moderate visitor frequency and risk of vandalism: Offices, law firms, retail stores, employee restrooms, fitness studios, hotels, hospitals, medical practices, nursing homes, private homes, etc.

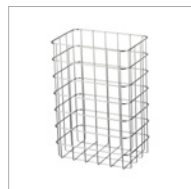

MOUNTING TIP

People are often in a hurry and avoid detours. If possible, install or place waste garbage cans below the associated paper towel dispenser and on the direct path between the washbasin and the exit, for example. For wall-mounted waste garbage cans, we also recommend mounting with at least 20 cm of floor clearance to facilitate cleaning of the floor.

ALTERNATIVE SURFACE FINISHES

Waste basket, 25 litres

stainless steel, polished, Art. 35-763

Art. 35-763

OPTIONAL - MATCHING WASTE BAGS

Waste bags made of LDPE, opaque white, with star fold, tear and puncture resistant, L x W: 715 x 605 mm, circumference: 1,210 mm, 20 rolls of 50 bags in a box, total 1,000 bags, Art. 22-438

Waste bags made of HDPE, transparent, with star fold, tear and puncture resistant, L x W: 725 x 605 mm, circumference: 1,210 mm, 40 rolls of 50 bags in a box, total 2,000 bags, Art. 22-410
