TENDER TEXT

Foam soap dispenser with sensor for 1.200 ml foam soap, brass-colored-coated stainless steel, RAL 260M, interchangeable inner container and pump unit, convertible to a soap or spray pump dispenser by replacing the pump, refillable from the top directly in the dispenser itself or by removing the refill container for refilling from outside the dispenser, plastic pump with low-lying suction position for complete emptying of the filling material, automatic activation via infrared sensor, dispensing quantity approx. 0.8-1.1 ml per stroke, with unit lock and fill level indicator, mains-independent, battery-operated with four 1.5-volt batteries (4 included), four-point mounting, including mounting hardware and key, for surface mounting

DIMENSIONS

H x W x D 268 x 117 x 112 mm
Weight 1.70 kg

AREAS OF APPLICATION

Universally applicable, also in public, high-traffic and vandal-prone areas: airports, stadiums, event halls, Restaurants, schools, universities, night-clubs, public buildings, shops, law firms, offices, theaters, cinemas, hotels, spas, etc.

MOUNTING TIP

Mount the dispenser directly above the sink, a shelf, or a drip tray. This prevents liquids dripping from hands from creating a slip hazard on the floor. Please ensure that the distance between the bottom of the dispenser and the sink is at least 8 cm during installation!
