TENDER TEXT

WC seat cleaner with sensor for 500 ml disinfectant, pump suitable for hand disinfectant, stainless steel brushed coated, inner container and pump unit exchangeable, filling from the top directly in the dispenser itself or by removing the refill container for filling outside the dispenser, automatic triggering by infrared sensor, dosing quantity approx. 0.8-1.1 ml, stroke, with unit lock and level indicator, pump at the lowest point so that possible germination can be avoided by regular, complete emptying, mains-independent, battery-operated with four 1.5 volt batteries (not included), four-point mounting, including mounting material and key, for surface mounting

ABMESSUNGEN

H x W x D 226 x 100 x 114 mm
Weight 1,45 kg

AREAS OF APPLICATION

Universally applicable, also in public, highly frequented and vandalism-prone areas: Airports, stadiums, event halls, gastronomy, schools, universities, discotheques, municipal buildings, retail stores, law firms, offices, theaters, cinemas, hotels, wellness, etc.

INSTALLATION TIP

Mount the toilet seat cleaner on the back wall or directly next to the toilet paper dispenser. In case of back wall mounting, the dispenser should be mounted in such a way that the visitor is not disturbed while using the WC.
