TENDER TEXT

Hygienic waste bin with 8 litre volume, with bag holder that can be installed on three sides for approx. 50 individual paper bags or two refill cartons with approx. 25-30 hygienic plastic bags, brushed stainless steel, transparent powder-coated, with exterior surface finishing against fingerprints and tarnishes, installation of the bag holder to the bin on the left, right or front of the bin within easiest reach of the toilet seat as chosen by the installer, attachment by means of insert lugs on the bottom of the bin and additional bonding with supplied adhesive tape, with folding lid on top and two opening brackets with the lowest possible contact surface, with interior bag holder for hidden application of the waste bag, four-point mounting, including steel hexagonal bolts, for surface installation.

DIMENSIONS

H x W x D (Container)	342 x 220 x 153 mm
H x W x D (Bag holder on front)	342 x 220 x 163 mm
H x W x D (Bag holder on side)	342 x 248 x 153 mm
Weight	3,6 kg

For up to 50 individual paper bags (bag size approx. 250-300 x 125 mm)
For up to 30 bags each in 2 refill boxes (box size approx. 88 x 126 x 21 mm)

APPLICATION AREAS

Designed for universal use, including in public areas that are heavily frequented and at risk of vandalism: airports, stadiums, event halls, restaurant and foodservice industry, schools, universities, nightclubs, communal buildings, hospitals, shops, chambers, offices, theatres, cinemas, hotels, spas, etc.

MOUNTING TIP

The installation position preferred by women, seen from the toilet seat, is to the left, around knee-height and should be within easy reach of both hands of the user. The distance from the floor to the lower edge of the container should be at least 20 cm in order to avoid hindering floor cleaning.

SUITABLE HYGIENIC AND WASTE BAGS

You can find suitable plastic or paper hygiene bags and suitable waste bags in our current catalogue with current prices as well as on our homepage www.air-wolf.de
