AIR-WOLF

TENDER TEXT

Paper towel dispenser for approx. 500 paper towels, freely refillable with standard folded towels in C- or V-fold, brushed stainless steel, transparent powder-coated against finger and tarnish marks, material thickness 1.0 mm, bevelled top to prevent waste being deposited, with inspection window for level control, with standard lock, including fixing material and key, for surface mounting

DIMENSIONS

H x W x D 350 x 278 x 133 mm
Weight 2.7 kg

AREAS OF APPLICATION

Universally applicable, even in public, highly frequented and vandalism endangered areas: Airports, stadiums, event halls, gastronomy, schools, universities, discotheques, municipal buildings, shops, law firms, offices, theatres, cinemas, hotels, wellness etc.

MOUNTING TIP

People are often in a hurry and avoid detours. Therefore, install paper towel dispensers and the corresponding waste bins on top of each other if possible and on the direct route between the washstand and the exit.

ALTERNATIVE SURFACE FINISHES
