AIR-WOLF

TENDER TEXT

Paper towel dispenser for up to 400 folded paper towels, fillable with all standard folded paper towels, especially with C- or V-folding, aluminium housing, with fill display, paper removal made of ABS plastic, front plate can be folded down to fill up, with metal lock, including key and mounting material, three-point fastening, for surface mounting

DIMENSIONS

H x W x D	190 x 276 x 132 mm
Weight	1,5 kg

APPLICATION AREAS

Can be used in public areas with a moderate number of visitors and vandalism prone areas: restaurants, schools, nurseries, universities, municipal buildings, hospitals, medical practices, nursing homes, shops, chambers, offices, theaters, cinemas, hotels, wellness, laboratories, etc.

MOUNTING TIP

People are often in a hurry and avoid detours. Install the paper towel dispenser above the waste bin and if possible on the direct route between wash basin and exit.

ACESSORIES

Stainless steel adapter in order to use paper towels with Interfold-folding (Art. 37-740).

PAPER TOWELS

You can find matching paper towels with C- or V-folding in our current catalogue with the currently applicable prices or visit our website www.air-wolf.de
